

Sue Bresnahan (NZ02)

I am writing to you in your capacity as Zephyros Village Administrator to advise that I wish to put forward my nomination to be elected to the Village management committee at the forthcoming EGM.

A brief bio:

My husband and I have owned NZ 02 from construction to date. It is our second home and, therefore, have a vested interest in the smooth and efficient running of the village through a collaborative and committed committee. It is essential that an orderly transfer of responsibilities is undertaken from the current Administrator and committee to the incoming members. Once this is achieved the various skills of the new committee members can be coordinated to develop the effective management and running of the village. I am willing to serve on the committee on a voluntary basis to help achieve these aims.

I visit Zephyros regularly and shall be spending a significant amount of time in the village now that our daughter has graduated from university.

I am a lawyer (BA (Hons) law) and qualified solicitor. I practised corporate and commercial law for over 20 years. I worked for a FTSE 100 company and ran the legal team and services for its worldwide logistics division. In addition to my management responsibilities I specialised in company acquisitions and disposals and international commercial contracts.

I sit on the board of trustees of a national charity.
